Cougar Fund Grants Program

The Cougar Fund would like to announce the opening of the 09/10 grant cycle. The purpose of offering the grants is to enhance the quality of education at Country Club Elementary School and take it *beyond the basics!* The Cougar Fund will award grants to fund proposals by the school's staff and administrators, parents, and student groups.

Grants may be proposed in any of the following areas: academic enrichment, art and music, physical development, and social growth.

Grants may be submitted by a grade-level team, a group, or an individual.

Grant applications are due no later than **October 16, 2009**.

Grants will be announced by **October 26, 2009** by written notification.

We are looking for new and innovative projects; ones that reach the maximum number of students and have the greatest impact. We hope to award as many grants as possible.

The forms and additional information can be found on the Country Club School website under Cougar Fund Forms. If you have any further questions you may contact Suzie Shepard stshepard@msn.com or Tanya Barnard mandtbarnard@sbcglobal.net.
